

Highly concentrated strong alkaline cleaner

Product Description

Latex Remover is a highly concentrated powerful alkaline cleaner for the removal of polymer dispersions, natural and synthetic latex from constructions, machinery, walls, floors, vehicles or other alkali resistant surfaces. Latex Remover removes stubborn deposits and dried residues of the above mentioned chemicals.

Properties

Latex Remover does not contain petroleum distillates or toxic ingredients and complies with the EU legislation regarding biodegradability.

Latex Remover can react on light alloys.

Direction of use

Dosage: 5-10%

Apply Latex Remover by spraying or brushing and let it soak for a while.

Rinse off abundantly with high pressure and preferably hot water.

Always make a preliminary test on a small surface, to check on the chemical resistance of the material.

Specifications

Physical state	Liquid
Colour	Clear. Amber.
pH	12 (1%)
Density	1.08 kg/l

Storage and Disposal

Keep only in the original container in a cool, well ventilated place. Keep container closed when not in use. Do not store in corrodable metal. Dispose in a safe manner in accordance with local/national regulations.

Safety instructions for the user

Never use in direct sun, on delicate, alkali sensitive or hot surfaces. Never let dry.

Keep out of reach of children.

Care should be taken to reduce the possibility of eye contact.

In case of eye contact, rinse immediately with plenty of water. Seek medical attention immediately.

In case of inhalation, assure fresh air breathing. Allow the victim to rest. Seek medical attention immediately.

In case of skin contact, remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Seek medical advice.

In case of ingestion, rinse mouth. Do not induce vomiting because of corrosive effects. Take to hospital.

Please check the MSDS.
